Floral Tributes

Floral Tributes

At a time of loss, flowers are a way of expressing your feelings, pay respects and show your sympathy to those around you.

We consider each and every arrangement as an individual tribute which is why we pride ourselves on offering a service tailored to your specific needs. We offer a comprehensive range of funeral and sympathy flowers from wreaths and posy arrangements to the traditional coffin spray.

In addition we are able to create bespoke designs which include religious symbols across all faiths, animals and even television characters.

Our flowers ensure the highest quality and longest flower life, as we appreciate you may wish for the tribute to be taken to a local hospice where they can be enjoyed by others for many days to come. Each member of our florist is skilled and practiced, which is reflected in the beautiful and appropriate funeral tributes we create.

We are dedicated to ensuring every arrangement is carried out to perfection. Carefully and lovingly created, you can rest assured that your funeral flowers will be of the highest standards.

Stylish and innovative, we promise excellence in floral design.
